Subject: Walmart

Walmart currently has way to much control of our economy in their hand. We can not stand by and watch this company continue to take more at the cost of our lifestyles. If Walmart was to be aproved by the FDCI we might aswell change our contrie's name from U.S.A to to Walmart. This company has had a record for business malpractice and should consider itself fortunate to steal do business in this country but we can not allow for Walmart to expand especial in the Finacial Factor.

Thank you,
